PRESIDENT'S CORNER

This month, I have decided to take a slight step back from the usual flavor of the newsletter, and use the forum as more of a call to action for my fellow chamber members. We have a lot of events coming up that are great tools for developing and expanding our businesses. The Chamber is partnering with the Small Business Development Center University of Pittsburgh to present two small business seminars in the

month of May. The first, Mechanics of Starting a Small Business is on May 4 at 6pm and is free! The second, Creating and Implementing a Strategic Plan, will be offered on May 18 at 6pm. There is a \$15 cost associated with this seminar. They will be held at the Whitehall Community Room.

We have an excellent opportunity to gain great exposure to each of the three communities that we serve during their community days. We are looking for volunteers to man the Chamber sponsored booths during each event. These are typically well attended by the population and an easy way to get the word out about your business. We will be giving out 100 re-useable grocery bags at each Community Day and you can put any literature or give-aways to promote your practice in each one. Baldwin's will be held June 4, Brentwood on June 11, and Whitehall on August 27.

Another excellent way to serve your community is by serving on the Chamber Board of Directors. It offers great exposure for your business and it is a very rewarding experience, requiring only a small investment of your time.

The Chamber of Commerce is a great organization and an incredible means of promoting one's business. Your experience in the Chamber is what you make of it. Get up, get involved, and get excited about the Baldwin, Brentwood, and Whitehall Chamber of Commerce.

Healthy Regards,
Dr. Sean J. Hayes

We meet regularly on the second Friday of each month.

Paula Franetti of MetaFit Solutions
"Do You Have Enough Energy?"

If a business cannot survive without a steady cash flow what makes you think a body can survive on little sleep, irregular eating and coffee? Women in business who thrive understand the secret balance of "health" assets that run their daily efforts. The alternative is bankruptcy. Learn three key resources that drive an energized profitable life.

See you at South Hills Country Club, noon!
